

Tomislav Kaučić

Programmer. Designer. Manager. Millennial.

Birthday: 20/09/1996

Nationality: Croatian

Timezone: CET (UTC+1)/CEST (UTC+2)

About Me

Frontend Web Developer with 5+ years of experience in various technologies, including TypeScript, React (Next.js), Shopify and Ruby on Rails. Know how to manage projects and teammates in Asana and Jira. Started my own company with four other guys. Love to jump into new fields and resolve issues.

Work Experience

2023 Co-founder @ Deck99

Board member, not employed. Managed team & projects with Jira and provided support to clients.

Technologies/tools used:

React

Next.js

TypeScript

Jest

Python

Django

Shopify

Jira

Figma

Confluence

GitHub

Microsoft 365

Favorite projects:

- [International Tartans](#) ([Showcase](#)) - Shopify-based store. Designed in Figma. Created custom, app-independent product customizer for products.
- [Eclat UK](#) & [Eclat US](#) - Shopify-based stores synced with Amazon MCF.
- Inners - CRM for apartment owners. Built in Django & React. Designed in Figma. Coming soon (*Figma available on request*).

2020 Frontend Developer @ Tako Agency

Outsourced through Bamboo Lab. Designed development process for other dev teams to follow.

Technologies/tools used:

Shopify Plus

Sass

JavaScript

Asana

GitLab

Google Workspace

Favorite projects:

- [DREAM Merchandise](#) - Shopify Plus store. Made to sell merch of the YouTuber Dream. Did it prior to his face reveal.
- PGA Merchandise - Shopify Plus B2B store for PGA's sponsors. Store is not publicly available.
- [Label Daddy](#) - Shopify Plus store for creating custom stick-on labels for kids.
- [The Everset](#) - Shopify store that rents out furniture.

Languages

- Croatian* (mother tongue)
- English (C2)
- German (A1)

* Croatian is very similar to Serbian, Bosnian and Montenegrin, so I can communicate fluently with speakers of these languages, too.

Technical FAQ

Favorite IDE?

Visual Studio Code.

Favorite language?

JavaScript because it's chaotic.

Any personal projects?

Of course! Aside from [Tomoweb](#), I have [Stash](#) (collection of free web resources) and [PERTulator](#) (PERT estimation calculator). Tomoweb is made in WordPress, while the latter ones are made in React. Hopefully, I will redesign all these projects soon!

Personality FAQ

Strengths?

Efficient and energetic. Maybe too much self-confident.

Weaknesses?

I have a tendency to be dominant sometimes, but I always try to respect other peoples' opinions.

Team player or solo?

Definitely team player!

Casual FAQ

Favorite music?

Rock, of course.

Favorite movies?

2001: A Space Odyssey and anything from Quentin Tarantino.

Favorite TV shows?

Big fan of Star Trek and The Office.

Any hobbies?

I do enjoy playing bar games (billiard and darts) and playing strategy games when I have time.

Any pets?

I am a proud owner of a Beagle puppy called Lou.

2019

Frontend Developer & PM @ Bamboo Lab

Full-time job. Managed team & projects with Asana. Communicated with clients about the project progress. Developed several custom, app-independent Shopify stores.

Favorite projects:

- [Smockingbird Kids](#) - Shopify Plus store that sells kids' clothing. Made them a new theme and monogramming feature that does not rely on any extensions.
- [L'Occitane Croatia](#) and [Slovenia](#) - French luxury retailer of body, face, hair, fragrances, and home products.
- [Yves Rocher Croatia](#), [Slovenia](#) and [Macedonia](#) - French skin care, cosmetics and perfume company.
- [Selectio](#) - leading one-stop shop for HR services in the Adriatic region specialising in executive search. Also developed their internal app for assessment of recruits. Both made in Ruby on Rails.

Digital Skills

Creative Tools

Adobe Suite (Photoshop, Illustrator, InDesign, Lightroom, Premiere Pro), UI/UX tools (Figma and Adobe XD), Affinity Suite (Photo, Publisher, Designer).

General Digital Skills

OS-agnostic (working on Windows, Linux and MacOS), Digital marketing basics, Social media management, Communication tools (Slack, Teams).

Soft Skills

Jack of All Trades

As you can see in this CV, I have dived into several different fields of expertise. I really do enjoy jumping from one field to another, and exploring it thoroughly.

Multicultural Communicator

Through the Erasmus+ program of the European Union, I participated in seminars and youth exchanges. I have worked in a team with people from different cultures on a common goal, most often discussing the subjects like social entrepreneurship, NGOs, business analysis and business strategy.

Also, through Erasmus+ and as a lecturer of English language course for foreigners in the Republic of Croatia, I actively used and improved my English. I also plan to learn Spanish through upcoming years.

Team Leader

In the year 2019 I was a head of a team that developed a prototype of a product with a commercial potential. Also, I have coordinated several teams consisted of foreign volunteers. These teams were performing various EU-related activities (e.g., public performances, discussions, workshops).

Right now, I am managing several dev teams across multiple projects.

Knows Business

Most of my business skills were gained through Erasmus+ program of the EU and youth project of European Council. I have learned basics of social entrepreneurship, business position analysis, marketing, product promotion to different audiences and other similar fields.

Right now, I am testing these skills in Deck99.

Thank you for considering my application!
